# NERC Digital Gathering

Conference and Exhibition

10-11 July 2023

British Antarctic Survey, Cambridge

Learn how we're using technology to advance our understanding of the environment at our conference and exhibition. Join us for an exciting programme of talks, keynotes, and masterclasses!

Drawing from NERCs Digital Strategy, the conference themes are:

Theme 1: Next-generation sensing

Theme 2: Data science tools and techniques

Theme 3: Environmental data – collection and governance

Theme 4: Building Confidence and trust, people and skills
